---

Professional Summary

MERN Stack Developer with 10 months of internship experience in developing responsive web applications using **React**, **Node.js**, **Express**, and **MongoDB**. Experienced in building user-friendly interfaces, creating **REST APIs**, and working with modern development tools. Passionate about learning new technologies and developing efficient web applications.

Work Experience

MERN Stack Developer Intern | WHY Global Services — Feb 2025- Nov 2025

- Developed responsive web applications using **React** and **Tailwind CSS.**
- Built backend **API**s using **Node.js** and **Express** and integrated them with **MongoDB**.
- Worked with **Figma** designs and converted them into responsive web pages.
- Collaborated with team members and used **Git** and **GitHub** for version control.
- Participated in debugging and improving application performance.

Web Designer Intern | Digit Info Solutions — Jul 2023- Aug 2023

- Designed and developed websites using WordPress, **HTML**, **CSS**, and **JavaScript**.
- Improved website responsiveness and user experience across different devices.
- Customized pages based on project requirements and client needs.

Full Stack Development | Internezy (Virtual) — Aug 2022- Sept 2022

- Completed a one-month virtual internship focused on web development.
- Built applications using **HTML**, **CSS**, **JavaScript**, and **React**.
- Gained practical experience in frontend development and responsive web design.

Projects

FitMyHealth | Live

- Developed a full-stack health and fitness web application using **NextJS**, **Node.js**, **Express**, and **MongoDB**.
- Implemented user authentication using **JWT** and **bcrypt**.
- Added **CSV** and **Excel** export functionality for easy data sharing and reporting.
- Worked on both frontend and backend features to provide a responsive user experience.

ArtsWorld | Live

- Built a full-stack e-commerce application for art supplies using the **MERN** stack.
- Developed responsive user interfaces using **React** and **Tailwind CSS**.
- Implemented **REST APIs** and **CRUD** operations for managing products and user data.
- Integrated **MongoDB** for efficient data storage and retrieval.

Spawell | Live

- Worked with a team to develop a web application for spa services.
- Contributed to both frontend and backend development using **React**, **Node.js**, **Express**, and **MongoDB**.
- Developed responsive interfaces and collaborated with team members to integrate APIs and improve application features.

Food Hub | Github

- Developed a web application for recipe browsing and grocery shopping.
- Implemented dynamic product listings and user interaction features.
- Worked on both frontend and backend functionalities.
- Managed application data using **MongoDB**.

Education

Jeppiaar Institute of Technology — Kunnam, Chennai

Bachelor of Information technology; **CGPA: 7.91** — 2021 - 2025

Maria Rafols Matric Higher Secondary School — Puttoor, Kanyakumari

12th; **Percentage: 82.9** — 2019-2021

Joseph's Matric Higher Secondary School — Sasthankarai, Kanyakumari

10th; **Percentage: 77.2** — 2018-2019

Skills

- **Frontend:** React.js, Next.js, JavaScript, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub, Postman, Figma, Visual Studio Code

Certifications

- MERN Stack – WHYTAP
- Data Analytics in Python – NPTEL
- Front-End Development, JavaScript, React JS and MongoDB – Great Learning
- Figma – LetsUpgrade

Achievements

- Secured First Prize in the IEEE Student Branch Idea Presentation conducted at Jeppiaar Institute of Technology
